Tutoring Experience

For the past decade, I've worked with students from Germany, Canada, and Australia, ensuring they excel in their IB and A-Level Chemistry exams. I focus on helping students build a strong foundation in chemistry, enabling them to approach complex topics with confidence.

In addition to school-level chemistry, I've supported students in preparing for competitive exams like the SAT and AP Chemistry. My teaching experience across various curricula has allowed me to provide tailored support, ensuring students reach their academic goals. Many of my students have gone on to study at top universities worldwide.
