Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past six years, I have guided students across various curricula, focusing on IB Biology at both SL and HL levels. My students come from diverse academic backgrounds, and I've helped them achieve success in their exams by fostering a solid understanding of biological principles.

I have also supported students preparing for IGCSE and A-Level Biology, ensuring they are well-prepared for both coursework and final assessments. Whether students need assistance with complex topics or exam preparation, my approach ensures they build the confidence necessary to succeed in their studies.
