 **Experienced Tutor | Sorbonne University | MSc in Physics**

I hold an MSc in Physics from Sorbonne University and a BSc in Mathematics from École Polytechnique. With 12 years of experience, I have taught IB Physics, A-Level, and IGCSE students across different curriculums. I'm passionate about helping students excel in their studies and achieve their academic goals.

Qualifications

Sorbonne University: MSc in Physics (2009–2011)

École Polytechnique: BSc in Mathematics (2005–2009)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the last 12 years, I've worked with students from a variety of international backgrounds, focusing on IB, A-Level, and IGCSE Physics. I've helped students master complex topics and improve their performance in exams, guiding them towards success in their studies. My approach is tailored to each student's specific needs, ensuring they develop a deep understanding of physics principles.

In addition to my IB experience, I've also supported A-Level and GCSE students, preparing them for rigorous assessments and helping them achieve high grades. My teaching has spanned across multiple curriculums, allowing me to adapt my lessons to fit different academic requirements.

Throughout my career, I've also mentored students aiming for top-tier university admissions, preparing them for the challenges of entrance exams and higher education. My goal is always to instill confidence in my students, helping them navigate their academic journey with clarity and focus.
